

## Smart Grill

EP8700

## For those who like real results

Here is the robust, sleek smart grill, as you would expect from Espressions.

The fold-out grill reaches the desired temperature in no time, even up to 240(!) degrees Celsius, and is versatile: table grill, sandwich maker, panini maker, you name it..

- Versatile and solid contact and table grill
- Can be used both closed and open as a BBQ Grill
- Equipped with durable ceramic grill plates (flat and ribbed plate)
- Variable height adjustment of the top plate
- Adjustable temperature
  - Low: 160-180°C (for delicate vegetables, fish, etc.)
  - Panini: 180-205°C (for toasted sandwiches, mushrooms and fish)
  - Sear: 205-230°C (for searing and grilling meat quickly)
- Adjustable temperature setting up to 240°C
- LCD Display
- Removable grill plates for easy cleaning
- Large drip tray to collect grease and moisture
